POSITION ANNOUNCEMENT

PUBLIC HEALTH NURSE I

The Christian County (IL) Health Department is seeking a Public Health Nurse to perform duties related to grant specific and other public health programs that focus predominately on preventive-level services in multiple settings including clinics, homes, and schools. Duties may include those related to specific grant-related and other programs such as the Family Case Management (FCM) program, blood lead surveillance, communicable disease monitoring and follow-up, immunization clinics, and others.

The successful applicant will have graduated from an approved preparatory program from an accredited institution, and hold a License as an LPN or higher within the state of Illinois. Two (2) years of experience is preferred. Knowledge of public health principles preferred. To apply for this position, please email a letter of application along with resume' to Chad.Anderson@christiancountyhealth.org. EOE
